- Brittle asthma
- The difference between unstable, severe, and uncontrolled asthma
- Red flags in management
- Appropriate inhalers
- Management

The IPCRG (a special interest group associated with WONCA Europe) has presented internationally for a number of years including in Istanbul (2x), Lisbon, Warsaw, Prague, Vienna, Malaga, and Heraklion. The sessions have been very well received with excellent attendance. All proposed speakers are general practitioners and are well known Internationally in primary care circles, especially with reference to respiratory medicine.
